**Come see** preliminary information for the Route 17 and Route 610 (Woods Cross Road/Davenport Road) roadway improvement project in Gloucester County. The proposed project would modify the intersection to a Restricted Crossing U-turn (RCUT) intersection to enhance safety. The purpose of the project is to reduce the risk of crashes by minimizing the number of conflict points where vehicle paths intersect.

An RCUT is an innovative intersection design where all side street movements begin with a right turn, and left turns are prohibited. Drivers will be directed to turn right onto Route 17 before making a U-turn at designated locations. There are two proposed locations for U-turns, one north and one south of the intersection. These designated U-turn locations provide drivers with sufficient space and time to merge onto Route 17 and merge over to the U-turn location.

New signs and pavement markings will be installed to align with the new traffic pattern as part of the project.

**The meeting will be held in an open house format and VDOT staff will be present to answer questions. No formal presentation will be given. Stop by between 5-7 p.m. to review materials.**

**Give your written comments** at the meeting or submit them by **April 6, 2023** to Mr. Lee McKnight, Saluda Residency Administrator, Virginia Department of Transportation, 1027 General Puller Highway, Saluda, VA 23149. You may also email your comments to [Lee.McKnight@VDOT.Virginia.Gov](mailto:Lee.McKnight@VDOT.Virginia.Gov). Please reference "Woods Cross Road RCUT Comment" in the subject line. Comments may also be submitted using an online form on the project website at <https://publicinput.com/WoodsCrossRoadRCUT>.

VDOT ensures nondiscrimination and equal employment in all programs and activities in accordance with Title VI and Title VII of the Civil Rights Act of 1964.
